

# iDPM-DP

DisplayPort extension board (For iDPM connector), RoHs

## Features

- » DisplayPort output
- » Resolution support up to DP1.4 4K 60Hz (Max: 4096 x 2304)
- » Supports iEi iDPM interface only

## Specifications

|                          |                                    |
|--------------------------|------------------------------------|
| Form Factor              |                                    |
| Form Factor              | iDPM 2240 slot (IEI-defined B key) |
| Physical Characteristics |                                    |
| Dimensions (LxWxH) (mm)  | 40 x 22                            |
| I/O Interface            |                                    |
| Display Output           | 1 x eDP : 1 x 40 pin               |
| Power                    |                                    |
| Power Supply             | On board 3.3V ~ 12V                |
| Environment              |                                    |
| Operating Temperature    | 0°C ~ 60°C                         |
| Humidity                 | 5% ~ 95%, non-condensing           |
| Certifications           |                                    |
| Safety & EMC             | CE/FCC compliant                   |

## Ordering Information

|             |  |
|-------------|--|
| iDPM-DP-R10 | DisplayPort extension board (For iDPM connector), RoHS |
