

# HPR-R2S

适用于 IEI 2.5" SBC 的 PCIe 扩展转接卡

## Features

PCIe x4 转2个PCIe x2，方向朝右

## Specifications

| 物理特性                |                        |
|---------------------|------------------------|
| 尺寸 (LxWxH) (mm)     | 43 mm * 60 mm          |
| I/O 接口              |                        |
| 扩展                  | 2 x PCIe x4 : x2 信号    |
| 环境                  |                        |
| 操作温度                | 0°C~60°C               |
| 存储温度                | -30°C~70°C             |
| Humidity            | 5 ~ 95% non-condensing |
| Card Slot Interface |                        |
| PCIe                | PCIe x4                |

## Ordering Information

|             |                                                               |
|-------------|---------------------------------------------------------------|
| HPR-R2S-R10 | PCIe x4 to two PCIe x2 riser card for HYPER on the right side |
|-------------|---------------------------------------------------------------|

## Packing List

|                 |             |
|-----------------|-------------|
| 1 x HPR-R2S 扩展卡 | 1 x bracket |
|-----------------|-------------|
