

# TPM-IN01

Hardware-based security solution for data protection and reliable authentication via TPM that stores key, passwords and digital certificates.

## Features

1. TPM management
2. File & Folder En/De-cryption
3. Personal secure drive
4. Secure Email
5. Key transferring
6. Security policy configuration

## Specifications

|                          |                         |
|--------------------------|-------------------------|
| Physical Characteristics |                         |
| Dimensions (LxWxH) (mm)  | 26 X 25 X 2.6           |
| Net Weight               | 5g                      |
| Other Features           |                         |
| TPM                      | TPM 1.2                 |
| Environment              |                         |
| Operating Temperature    | 0°C ~ 60°C              |
| Storage Temperature      | -10°C ~ 70°C            |
| Humidity                 | 5% ~95%, non-condensing |
| Card Slot Interface      |                         |
| Other                    | Low pin count           |

## Ordering Information

|              |   |
